THE AMERICAN'S CREED

I believe in the United States of America as a government of the people, by the people, and for the people; whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign nation of many sovereign states; a perfect union, one and inseparable; established upon those principles of freedom, equality, justice, and humanity for which American patriots sacrificed their lives and fortunes.

I, therefore, believe it is my duty to my country to love it; to support its constitution; to obey its laws; to respect its flag; and to defend it against all enemies.

Dear Barb,

Dosh this last year has gone fast hasn't it? It was such fun in typing after you made about 15 mistakes) wasn't it. Did you feel like blowing up top? You've been awfully nice to me, Barb, just stay the way you are. Lots of success and happiness in your senior year.

Love,
Janice

Dearly Beloved:

Hi Honey: Wasit this a mad school year!? Here's wishin' you bunches of luck as next year's Blue Tri Pres.

Be good, dear

Love,

Rattly

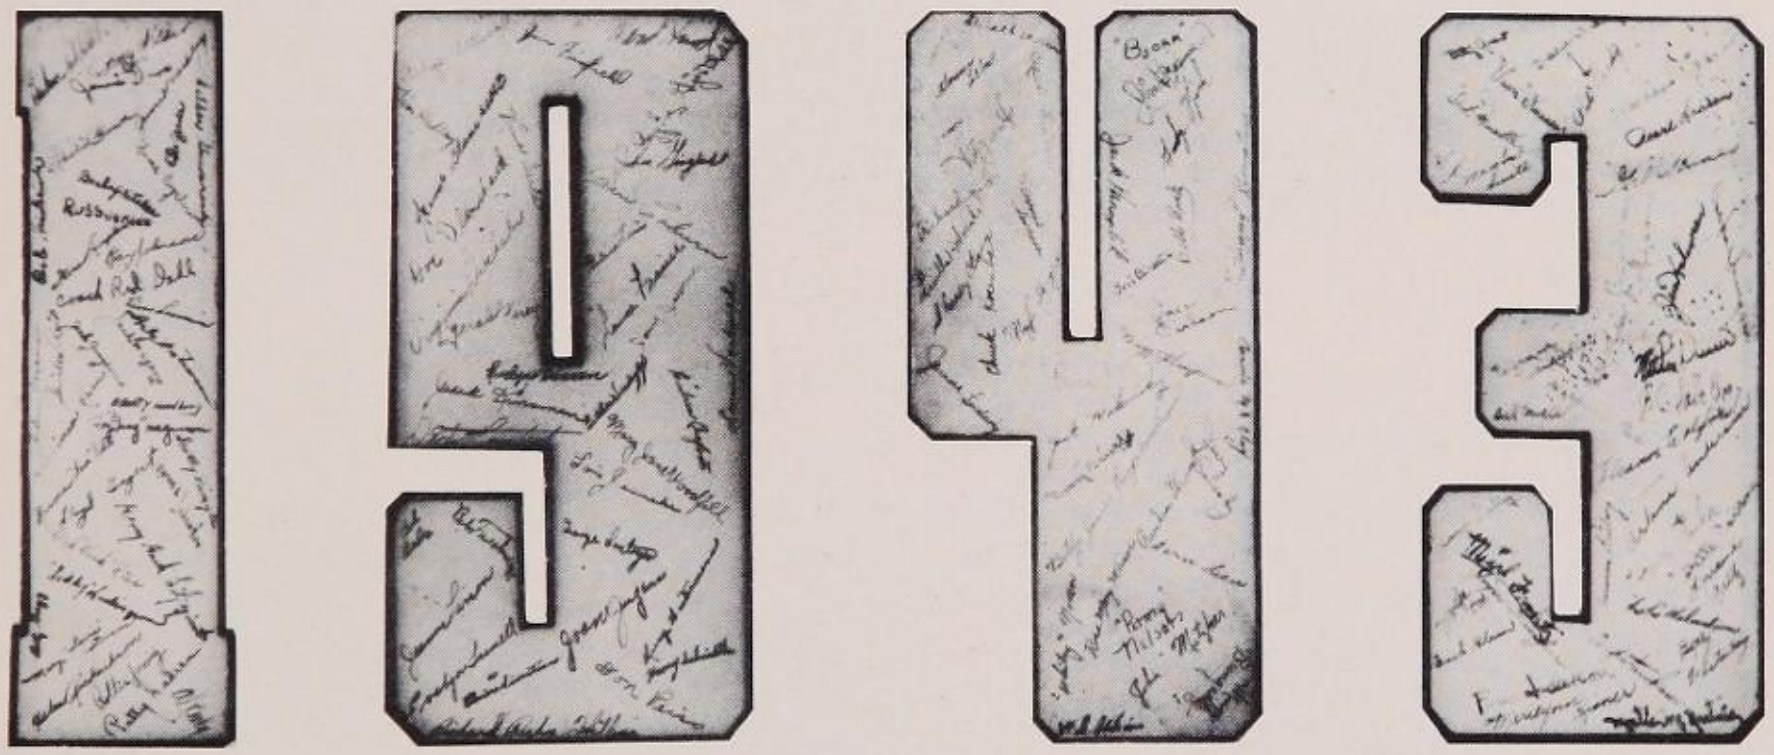
CLASS OF



Elizabeth Dow, Salutatorian Martha Corey, Valedictorian

"COMPANY A-T-T-E-N-T-I-O-N!!"

With a blast of trumpets, roll of drums and exciting fanfare comes now the award of Medals of Merit for performance above and beyond the call of duty to Senior Class officers: President Jim Hedberg, Vice-President Martha Corey, Secretary Betty Gregg and Treasurer Bill Cowell. And more medals for distinguished service to us all; rendered faithfully, unsparingly and conscientiously, which we pin with affection on Miss Olson, Miss Lundquist, Mrs. Adkisson and Mr. Nelsen, our esteemed advisers.

It's hard to imagine us Seniors as the seventh graders who raised miniature cyclones when teacher left the room and muttered under our breaths when the Senior High called us the "Infantry." We've come a long way and grown up a lot since those days. Now we can dance at least three different steps, rattle off Newton's three laws of motion, make a date without blushing and explain an indefinite antecedent. At least we should be able to!

We don't have to worry much about plans after graduation—Hitler, Mussolini and Hirohito have settled it for us. All we have to do is squint at the barometer, consult our charts, and set our course for Victory.

JUNIOR CLASS

They're second in size, but second to none in enthusiasm, talent and personalities. They like to give bang up dances, as witness the Homecoming Dance, but their event of all events, The Prom!

They chose Kermit Albertson to take the helm of their ship of state, Bob Schmitt to pull the stroke oar, Grenaviere Robinson to keep the log and Bob Smith to handle the treasure chests and money bags. Miss Lampman, Miss Wharton, Mr. Seely and Mrs. Moffat are their advisers.

They've been intensely busy; producing a fine class play, roaring their loudest for their members on the football team, and choosing "those **extra di-vine** rings!" as the weaker sex gushed; but they're only practising up and getting in trim for next year.

Even though I don't know you very well you seem like a swell girl. I wish you all the luck in the world. Here's to a successful year as Blue Tri Pres.
Love Stella

They like to do things in an extra-big way—they're the largest class in school, they lay claim to the most pep per pupil and many times have the largest representation on the Honor Rolls.

Extra-curricular is their middle name. They're in everything from sports and cheer-leading to newspaper writing and student government. With advisers Miss Glendenning, Miss Curtis, Miss Bozivich, and Mr. Lokensgard officiating, they elected Tom Burnes president, Byron Kisner vice-president, Sally McBratnie secretary and Sue Hall treasurer.

They've shown a lot of class unity, co-operation and loyalty—they're on the way up, and intend to get there!!

FRESHMAN CLASS

Loads of luck, Barb!
Barb

Dick Shinn, Dick Miles, Barbara Gold

They're top-flight in the Junior High, and with the help of advisers Mr. Krause, Mr. Moon and Mr. Foltmer, are getting set to soar into their Sophomore year. They struggled through Algebra and Business Training successfully, and used up gray matter wondering why Freshmen weren't considered Senior High instead of being classed with the seventh and eighth graders—(as every Freshman class before them has done!) Some of the broad-shouldered sex actually made some attempts to trip the light fantastic, and many of them succeeded, but some ended up by just tripping.

They've plenty of ability and talent as found in President Dick Shinn, Vice-President Clyde Franks, Secretary Barbara Gold, and Treasurer Dick Miles, besides their members on the Honor Roll, football team, and Student Council.

EIGHTH GRADE

Although they're only on the middle rung of the Junior High ladder, they're well towards the top when it comes to vim, vigor and vitality.

They gnash their teeth if anyone mistakes them for seventh graders, but beam with delight on being mistaken for freshmen. They've been high on Red Cross collections, and got their class dues in before Treasurer Nancy Miles could say "**please** pay your class dues!"

After the first hectic days, they gave Don Johnson a gavel to call meetings with, Barbara Kinney a smaller one, as befits a Vice-President, Bill Tessmer a pencil to take notes with and Nancy Miles the key to the strong box. With these officers and advisers Mrs. Tell, Mrs. Walstrom and Mr. Zimmerman they settled down to school routine.

By getting in all the activities and making all the Honor Rolls that they can, they've been practising for next year when they'll be on the top rung of the Junior High ladder.

Bottom Row: R. Holm. M. Gendreau. Miss Hawkinson. C. Larson. M. Ludwig. E. Keith.

They're just "plebes" so far, but they've put the Senior High on its toes by making records for class dues and Red Cross collections.

They got pretty mixed up at the beginning of the year, trying to find all the different rooms, and only a half hour for lunch seemed scandalous, but they got used to it and now they're veterans. They teased the boys and plagued the girls and enjoyed themselves hugely at the pepfests. They got down to business with their advisers, Miss O'Donnell, Miss Engan and Miss Hawkinson and elected Albert Pooler president, Howard Noreen vice-president, Charles Larson secretary and Neil Crowley treasurer. No girls to "mess things up" for them!

They're ready and willing to take their place next year as "second year men."

Row 6: H. Noreen, L. Windahl, R. Stevenson, B. Smith, P. Vaughn, M. Scott, L. Tunell.

Row 5: S. Turnham, D. Voss, N. Warner, J. Rodgers, R. Swenson, E. Nelson.

Row 4: P. Quinn, D. Olson, J. Olson, D. Spanier, M. Turner, E. Nally, B. Reider.

Row 3: R. Pickett, R. Neal, D. Olson, A. Pooler, R. Peterson, P. Tierney.

WALLACE ZIMMERMAN

Mr. Zimmerman, before taking over at Park, was at Redwood Falls, where he always had one of the best teams in the district.

He started playing with championship teams, way out west, in Chinook, Montana. The Chinook team won the Montana state championship, and was one of the 48 state teams from all over the United States that participated in the National High School Basketball tournament at Chicago. They didn't win the national championship but came close to it.

From there he came to Hamline University in St. Paul. Hamline led the State Conference in basketball for four years, with "Zim" playing all four years. He also played football three years and baseball two years. In basketball he was All-State for four years and captain in his junior year. At Hamline he belonged to Phi Delta fraternity.

After graduating, Mr. Zimmerman coached Freshman basketball and played on the Rock - Spring Sparklers, and they, too—as all the other basketball teams he has played with — were state amateur champions.

Last but not least is his pride and joy, Mary Jo, who came to the Zimmerman family last fall.

CARL CARLSON

The Junior High coach in the sports department this year is Mr. Carlson. "Swede" is very proud of his home town, where he was graduated from Denfeld High. At Denfeld he played football, basketball and was on the track and tumbling teams. He then went to Duluth State Teachers College majoring in speech and playing three years of football. His first teaching came at Lake Kabetogama and then at St. Louis Park. At Park he coaches freshman football and basketball, always turning out good teams. He has a tennis team also, which gives good competition in the Lake Conference.

All school sports are his favorites with a lot of hiking thrown in. Reading, dancing and taking care of his baby are his hobbies with special emphasis on the last.

EDWARD FOLTMER

Edward Foltmer, the other new coach this year, started out at St. Cloud Tech. High School where he played basketball. Then he went on to St. Cloud Teachers College. There he was on the track team, being captain in his senior year. He ran the 220, 440, half mile and mile relay. Besides athletics, he majored in science.

For two years he taught at Paynesville and was assistant football coach. After Paynesville he went to Cumberland, Wisconsin, where he was for twelve years as assistant football and junior high basketball coach. His junior high team had a very good record. During the summer he has taken many postgraduate courses. Last summer, however, he was timekeeper in a canning factory. This ties in with his pet-peeve. He can't understand people who don't take advantage of their opportunities or those who waste their time.

FOOTBALL

Park started its football schedule with a loss to the Alumni. This game was a good test for the squad, showing them their strong and weak points. The Alumni team, which was composed of such stars as Lindskog, Ralles, and Bealieu, played top flight football and finally pounded the varsity down to the score of 14 to 0.

The following week we opened our conference schedule by defeating an outclassed Wayzata team 8 to 0. Blanchard, Fitzgerald, Hilleren and Santrizos were the stars of this contest. A great deal of credit was also due Bud Anderson, who plunged over for the only touchdown.

The Excelsior game was postponed until the end of the season.

Although Park was still undefeated in Conference competition, they lost their next game to Southwest by the score of 14 to 6. The star of this tussle was Bud Anderson, who sprinted 55 yards to Park's only talley.

The next game, an afternoon affair with Robbinsdale, really put the skids under the St. L. P. lads. The score stood throughout the first three quarters at 0 to 0. Finally in the last quarter after a majority of the Park starters had left for the hospital or the sidelines to recuperate, Joe Elsen plunged over for the Robbins Homecoming victory, 7 to 0.

The Mound game was lost by the score of 26 to 6 with convalescents Triden, Jerdee and Anderson on the bench.

Out at Hopkins the next week it looked as though Park would come through and beat the unbeatables but toward the end of the game the breaks went against us. The Purple and Gold blitz put another 20 to 0 notch in their gun.

After the Hopkins game there was nothing to lose so Park came through with the old fight and trampled U. High 7 to 0.

The last game, which was the postponed tangle with Excelsior, was a whirlwind display of football on the part of the Bluejays, which had Park in a daze the whole first half. The last half was less lopsided with Park playing much better defensively. Park's lone score for the 20 to 6 final was made on a pass to Erickson and a lateral to Santrizos. Maybe it just wasn't Park's turn to win, but injuries were the main headache in trying to line up the team for action each week.

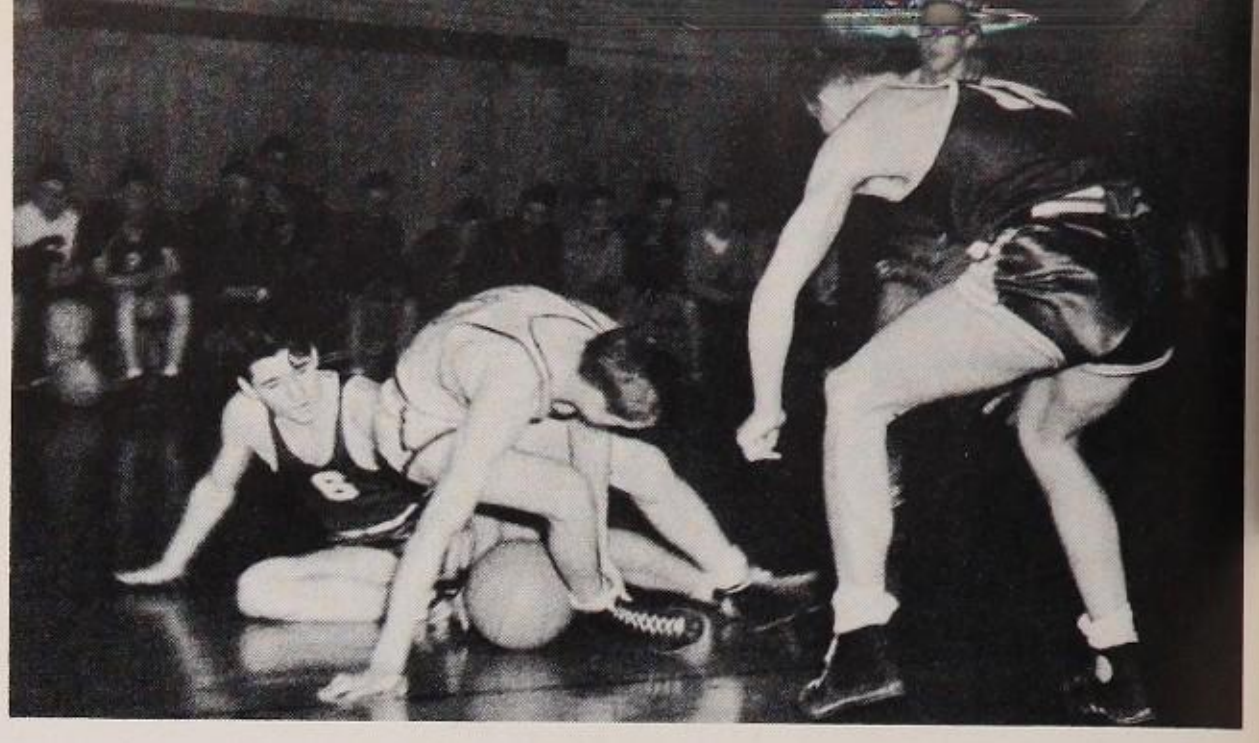
"WALLY"



With what the Lake Conference would call a championship game, Park met Hopkins in their first game. It was thought an even match but at the final gun, it was Hopkins 31-Park 20. In the next game Park won a hard fought battle from Wayzata and followed up with a victory over Southwest. However, in the return game, Southwest retaliated with a victory of two points. In the Mound game Park was found behind at the first quarter, but with Anderson and Riess supplying the spark, Park swamped them. Scoring 59 points, the highest of the season, Park defeated U. High. Gingrass and Goranson scored 14 and 12 points respectively. In the next game the Excelsior team provided the opposition, but Park finally defeated them with Santrizos scoring 17 points.

The team seemed more confident against Hopkins again and with both teams scoring 10 field goals, the free throws finally provided the margin of victory for Park. Park then was tied with Hopkins for the lead—and—Hopkins' first defeat in 33 games. On the following Friday, Park played a team that is always hard to defeat on their home floor, Wayzata, and barely eked out a victory of two points. Without a breather Park played a high riding team, Mound, which finally won over Park by 8 points. High man for Park was Gingrass with 12 points. Playing the second game with Mound, Park took them in stride by the score of 29 to 23.

In the four remaining games following Robbinsdale we defeated a scrappy Mound crew by seven points then took U. High by a good margin of points using our reserves. With an up and coming Bluejay team as our opponents we finally defeated them to the tune of 31 to 27. After a week's rest we tackled a tough Purple and Gold quintet.

With Robbins minus Elsen and Parks minus Art Goranson, forward, both teams were handicapped. At half time we were ahead by three points but thru some bad breaks we lost in the final minute, 27 to 25.

Thus ended the regular season with ten wins, four losses and the team to break Hopkins' string of 32 games. In conference scoring Park scored 428 points to the opponents' 349 points. John Gingrass was forth in conference scoring. John Gingrass and George Santrizos represented our school on the Lake conference team.

Sub-District

In the game with Mound in the Sub-district we led at the end of the half but during the second half Mound caught up with us to end the game in a tie. We lost in the overtime by 31 to 30. Erickson was high with 14 points.

BASEBALL

With the prospect of baseball in the Lake Conference in doubt Park is still planning to have another championship baseball team. Although only three lettermen are returning, they are a nucleus that a team can be built around. The three returning players are Jim Fitzgerald, Art Goranson, and Herman Freiberg. In the last five years, since baseball was started in Park, we have developed some leading teams. For the last two years the team has tied with Robbinsdale. Although we were tied in the conference lead with Robbinsdale, they beat us to take the district.

Park, under Mr. Zimmerman, has a good chance to come out near the top as before.

Golf in the Lake Conference has come far in the last few years. Under Mr. McKay's guidance, Park has become one of the championship contenders in the district. There is a conference ruling that states it is necessary to have five teams to get a conference award. So far there haven't been five schools that have expressed a wish to have golf. But nevertheless, there will be matches with other schools in and outside the district.

The top six boys of Park's third place district team have been graduated but among those returning, Peter Hoag, Bob Carstenbrock and Jim Pringle are outstanding.

WRESTLING

The wrestling team had many returning lettermen but was unable to click very well in conference and district play.

They finished fourth in the conference. Five men were sent to the regional, and out of eight teams, we placed fifth. Kenny Forshier, who came out second in the regional, the only one of Park's team to go to the state tournament. Allar and Lambert placed third. Allar lost out to last year's state champ by two points. In the state meet, Kenny finished with second place.

With only one letterman graduating this year, next year's team looks very promising. Our congratulations to Mr. Foltmer, the new wrestling coach, for his fine work.

TRACK

With more lettermen returning than ever before, the track team should have a most successful season. In the district, last year, we placed second with a comparatively inexperienced team. Our relay teams were very good, and with Montgomery, Blanchard and Anderson returning, we should come out ahead. Russ Jerdee and Dick Hilleren proved themselves last year in the broad and high jumps and the hurdles. Lambert and Riess started on the half mile and mile last year, and are greatly improved this year. Jerry Jerome, who did some pole vaulting in his Sophomore year has a good chance to follow Ray Anderson, last year's champion.

From the Junior and Sophomore classes, Bikson, Burns and McKusick are outstanding. With Mr. Foltmer coming for his first year, he has good prospects.

RISING STARS

The freshman football team, under Mr. Carlson, was defeated for the first time in three years by Excelsior. In that game they defeated us by 6 to 0, but in the next game with them we defeated them by a score of 28 to 0. Dick Shinn and Delphin Westberg were outstanding in the backfield. In the line, Dick Miles, center and Don Johnson and Bill Tesmer, who are ends, showed the most improvement. Shinn, Westberg and Miles are freshmen and Tesmer and Johnson are seventh and eighth graders.

The junior high basketball team always has been a strong threat and this year is no exception. The first five is very well balanced, with Hallberg a little more improved than the others. Ludvigson, a seventh grader, Johnson and Sorenson, who are eighth graders, are coming up fast.

For the first time a few freshmen came out for varsity ball with Douglas Spencer showing up the best.

So far intermural sports have been confined to basketball and diamondball. Compared to other schools Park's program is very small. Starting about four years ago, it gained little until this year when the government asked that all school pupils participate in some kind of athletics. It is the hope of the government that every boy gets in top physical condition.

This year eleven teams were organized in basketball, two teams in every class except the senior class, which had one. The junior high has become very interested in intermural and has some of the best teams. Let's hope that next year we have a bigger and better program of sports.

BASKETBALL

The season for Basketball, the ever-favorite girls' sport, started a few weeks before Christmas and continued through February. The challenges of the Varsity were answered, and keen competition and many thrilling games resulted.

SOCCER

Even though after school jobs and unfavorable weather conditions made a noticeable decrease in the number of participants, those enthusiastic and ambitious girls who did come out greatly enjoyed the speed and challenge of this sport.

ECHOWAN

We've torn our hair, worked our fingers to the bone, frazzled our tempers and gone quietly mad. We've raved at people who decided to buy an Echowan two months after they were ordered and stared frenziedly at candids of "Junior at two months."

This book is what came of our frantic activity and Miss Lundquist's invaluable aid. We've tried to give you the best yearbook we could, because in war times a record of our happy-go-lucky high school days becomes naturally more important. We hope you like it, because, in spite of everything, we loved every hectic minute of it.

ECHO

"Two first issue, five next issue, three third issue—two, five and three make ten. I've made it! Hooray!!" That was a typical exclamation in the Echo room when Editor-in-chief Nancy Briscoe announced that an Echo reporter must have at least ten inches of his material in type to be on the permanent staff.

School wouldn't be Park without the monthly Echo, with its feature columns like Park's Sparks, Needles 'n Notes and Statin' Statistics, and its front page news stories of class plays, Victory Corps, Prom, and other big school events. The sport page, under sports editor Jim Bredemus, goes 101% with the brawny masculine faction.

STUDENT COUNCILS

"May we have it quiet, please!" President Dick Lambert's gavel pounds emphatically, and the buzzing ceases. Each member is alert and ready for a good discussion. Secretary Jeanette Jones reads the minutes, Treasurer Gordon Westerman makes his report and Vice President Paul Mattheisen reports on the progress of committees. Meanwhile adviser Miss Olson crosses her fingers and hopes the discussions won't become too belligerent.

The Student Council is a live and active organization, with members who not only have opinions, but express them, whether the subject is boogie-woogie concerts or clean-up campaigns. This year's council has made some real innovations. It has taken over the Lost and Found and has started a student-controlled study hall. The council has tried to build up a student government by the students that will be eventually a real mirror of student thought and opinion.

The council as usual, planned Homecoming activities. They conducted the election of Queen Verna Mae, the coronation ceremony and the parade.

The Student Council has done a good job as the connecting link between students and faculty, and has been very successful in developing spirit, co-operation and citizenship at Park.

The Junior High Student Council is a junior edition of the Senior Council, and is as important and necessary to the Junior High as the Senior Council is to the Senior High.

The junior members help in the cafeteria during the Junior High lunch hours, assist in keeping order in the halls during the first two lunch hours and help to finance the student telephone.

Bob Sandberg was president, Corrine Albinson vice-president, Bill Tessmer was secretary and Gerald Ludvigson, treasurer. Their adviser was Miss O'Donnell.

RED CROSS COUNCILS

"Remember Red Cross collections tomorrow!" How often we've heard that announcement, and how well we've remembered! Every Wednesday coins clink into the can as the Red Cross representative passes it down the row, and everyone waits with bated breath to see whether they've beat Miss Bozivich's Math class or Mr. Lokensgard's Chemistry class in the donation per pupil. This room competition has been a lot of fun and has netted the Red Cross no mean sum—the record was over two hundred dollars in two collections.

The Red Cross Council has been very active and has made Park Red Cross conscious. At Christmas time tray favors and scrapbooks were made for hospitals, and a drive was conducted for money to buy overseas kits for soldiers soon to be sent to the battlefields. The council also has earned money on salvage and knitting campaigns.

Miss Glendenning is adviser to the Senior High Council and Leone Albinson is president, Martha McBratnie, vice president, Virginia Keen, secretary, and Jack Kindy, treasurer. Leone was elected President of the Hennepin County Junior Red Cross. We were very proud of this honor she received.

The Junior High Council has put the Senior High on its toes in the matter of collections. They've knitted squares for afghans and helped in salvage drives.

Allan Doerr is president, Bill Tessmer vice president, Mary Caryle Dale secretary-treasurer and Mrs. Tell is their adviser.

LEADERSHIP CLUB

The Leadership Club is an honorary organization of the presidents and heads of all the organizations in school. This Board of Strategy comes every once in a while to Mr. Martinson's office —with their own chairs—to discuss conditions around school and the tactics needed to improve them. Frequently they make suggestions to the Student Council on campaigns or legislation.

Jim Halvorsen is president of Presidents, Jim Hedberg, vice-president, and Nancy Briscoe, secretary and treasurer.

NATIONAL HONOR SOCIETY

To members of the National Honor Society, getting A's and B's is an every-six-weeks' occurrence, not a matter to shout at home about as it is for the rest of us. They sell supplies in the supply office, help Miss Nelson with the honor rolls, and wear gold tassels at graduation. But they don't just sit home and study all the time. They're in many other organizations and are some of the busiest and most enterprising people in school.

The members are chosen from the upper third of their class during their Junior or Senior year. The selections are made by faculty members and are based on scholarship, leadership, character and service. Membership in the National Honor Society is the highest honor Park can bestow.

Martha Corey pounds the gavel; Patty Hedren does when Martha's absent, and Arlys Attwooll scribbles minutes and keeps the keys to the coffers. Miss Bozivich is their adviser.

PEP CLUB

"Yay, rah, rah, Park!!" roar eight hundred voices as the cheerleaders run off the stage of the auditorium. The fifty girls in orange jackets in the two front rows sink into their seats, and they know that if they try to talk, only hoarse croaks will come from their throats!

The Pep Club forms the backbone of the cheering section, and whether it's a football game or a basketball game, the orange jackets are here in a body. Freezing temperatures, gas rationing or stacks of homework couldn't keep them from coming to a game. A pepfest before every game is a tradition at Park, and the Pep Club has been responsible for them ever since it was started three years ago. Their main purpose is to create pep, enthusiasm and student backing for games and pepfests. They take charge of the pepfests, assist the band at Homecoming, sponsor Orange and Black Day during the basketball season, and take charge of electing cheerleaders. This year Janet Rodine, Pat Johnson, Dick Clark, Dick Mueller and David Gregg were the ones who cheerfully helped you shout your throat sore.

The Pep Club elected Patty Hedren to call the meetings, Virginia Keen to stand in for Patty when she was absent, Barbara Fletcher to take attendance and Elizabeth Dow to give out jackets and manage finances. The advisers are Miss Lundquist and Miss Haavik. The orange jackets of the Pep Club have become a symbol for pep, enthusiasm and school loyalty.

HI-Y

A skirt swishes by and your head turns as if on a swivel, your eyes fixed on the crew haircut and very unfeminine legs. As you turn the corner, you have to hop quickly aside to avoid a boy solemnly fishing in a pail. A baritone howl drifts down the corridor from somewhere as paddle strikes home. Then you remember that this is initiation week—when all the Senior high boys who have met requirements really become "Hi-Y'd and handsome."

SPORTS AFIELD CLUB

These fellows crouch long hours behind a blind in a gray drizzle or tramp from sun-up to sundown on the trail of a pheasant—and love every minute of it. The season known to us armchair sportsmen as fall is known to these enthusiasts as hunting!

They have discussions at their bi-monthly meetings on correct ways of hunting, handling of a gun and fishing. They also take hikes for physical fitness, go on hunting trips and have a rifle team.

Dick Rines is head Sharpshooter, Bob Thurston, second Sharpshooter, Jack Utermoehl keeps scores and Harry Schmidtke has charge of paying license fees and other expenses.

This club is working towards a better appreciation and knowledge of wild life and development of a sportsmanlike attitude.

BLUE TRIANGLE

Members of the Blue Tri knit for the Red Cross, gave a Christmas party for hospitalized children, make tray covers and cartoon scrapbooks for the Veterans' Hospital and have loads of fun doing it. The Blue Triangle's theme this year has been "Service" and in spite of difficulties, they've made a theme an accomplished fact.

Once a month, one hundred thirty Senior High girls gather in the cafeteria for meetings where they hear speakers, such as Ensign Marks of the Waves, or make afghans and sweaters for the Red Cross. They've had an impressive Recognition Service, a hilarious Christmas party, helped sponsor the Lenten Services with the Hi-Y, and made the annual Spring Tea a thing to be remembered.

Virginia Keen is president, Janette Rodine, vice-president, Betty Gregg, pencil-pusher, and Barbara Fletcher dues-collector. Elizabeth Dow is Inter-Club Council representative, and Mrs. Heidrich, adviser.

GIRLS' VOCATIONAL CLUB

The Girls' Vocational Club is composed of senior girls who are interested in learning more about various vocations and fields of work open to them on graduation. They have meetings every Thursday noon in the study hall, where they conduct business meetings, listen to interesting speakers on all kinds of vocations and trades and hold "yummy" smorgasbord luncheons.

All senior girls who were interested joined the club this fall, and together with the girls who met in the spring of last year to organize this year's club, they number about forty-eight members. Girls' Vocational Club is one of the clubs most helpful to the students, because of the opportunities offered to find out the desirable and undesirable qualities of a profession. They can avoid many mistakes in choosing their life work by having a chance to look before they leap.

Martha Corey occupies the presidential chair, Jean Larson is vice-president, and Betty Westerberg is record clerk and bookkeeper. Miss Wharton is their adviser.

SENIOR GLEE CLUB

Mr. Griebenow raises his arms, and glee club members wait breathlessly. Then somewhere down the aisle a voice trills "Mi, mi, mi-i-i-i," and those of you snoozing comfortably downstairs in the library may be wakened by anything from Handel's "Hallelujah Chorus" to Jerome Kern's "Smoke Gets in Your Eyes."

The Glee Club sings every day for their own pleasure, and at Thanksgiving, Christmas and Commencement for the pleasure of the school. It has become traditional to have excerpts by the Glee Club from "The Messiah" every Christmas time.

They also entered a float in the Homecoming parade and stowed away charred weiners and buns at their annual picnic in the spring where everyone had an hilarious time. Jim Halvorsen is president, Ruth Benson vice-president, LaVerne Malmstrom is secretary and Mary Lou Smith, treasurer.

BAND

Every Friday during the football and basketball season, the band members start off a pep-fest with a clash of cymbals and a roll from the drums. They set hearts and feet a-thumping with their renditions of the Army Air Corps' Song, Marine's Hymn, Fifty-first Field Artillery March, and Anchors Aweigh. It's hard to imagine a pep fest without at least one of these and, of course, the Loyalty Song, to cheer up the team when they're losing, and spur them on if they're winning.

Band members, resplendent in jaunty orange and black uniforms, are never missing from a pepfest, home game or program. They figured prominently during Homecoming—they marched in the parade and performed some tricky marching formations between halves of the Mound-Park Homecoming game. The band and Pep Club earned a big round of applause when the Pep Club danced an old-fashioned square dance to the band's "Turkey in the Straw."

The orchestra, less well-known, is composed of most of the members of the band. They play beautiful selections at Thanksgiving and Christmas concerts, and give a real theatre atmosphere to the class plays.

Frank Bye is president of our band, James Sabo is manager, Audrey Nessheim is secretary-treasurer and Grenaviere Robinson is librarian. Mr. Schultz is the director.

CAMERA CLUB

"Oh, to see ourselves as others see us!" The members of the Camera Club have a golden opportunity for experiencing that dubious pleasure. These enthusiastic camera fiends take and develop their own pictures. They make use of the dark room for printing, enlargements, and-uh-anything else related to photography! They're very inquisitive about the why and wherefore of photography, and at their weekly meetings they have discussions and demonstrations on taking and printing pictures. They also conduct contests and exhibitions in which their prize shots are entered. A few like pictures that are different, and some of the angles and lighting effects they achieve are just that different.

Roland Jorvig is elected president, Robert Sly, vice-president, Laura Vaclavek keeps records and Bob Runkle transacts the business. Mr. Nelsen is their adviser.

STAGE CREW

Doubtless you've never stopped to think, as you clapped the last curtain of a class play, who was responsible for those "wonderfully realistic sets or that positively weird lighting!" Behind every school production is the Stage Crew, who build the sets and manage lighting for the plays and pull curtains and push the piano for programs. They do a lot of hard work behind the scene, from building stairways and putting up curtains to manufacturing thunder and lightning and spine-chilling ghosts.

No production or program could go on without them and their adviser, Mr. Gehrke, so here's a special award to Park's "Engineers"!

GIRLS' ATHLETIC ASSOCIATION

The Girls' Athletic Association is made up of forty active members who go in for sports and good fellowship in a big way. They gave a Father's and Daughter's party, a gym party for all the Senior High girls at the beginning of the year, a sleighride and a Mother's and Daughter's banquet. They also sold the black and orange buttons that everyone wore around Homecoming time, and entered a float in the Homecoming parade.

Any Senior High girl may join if she makes her initial hundred points and goes to all the meetings. The G. A. A. does a lot in promoting interest in athletics, both as a recreation and as a source of good health.

Miss Lundquist is adviser to President Lucy Westermann, Vice-President Gudrun Erickson, Secretary Mary Jane Woodfill and Treasurer Pat Framheim. A Board consisting of eight additional members are student instructors of all the sports.

VICTORY CORPS COUNCIL

Remember the aches and pains, the groans and moans circulating around school last winter when the physical fitness tests were sprung on an unsuspecting Park? Since then everyone admits it was worth the aches and pains to find out what softies we really were, but for a while every laugh ended in a moan, and students walked down the halls as stiff-jointed as tin soldiers. The Victory Corps took the brunt of much abuse about that time, for every student who wished to join the Corps had to pass the tests, but it has been a most important and effective wartime organization.

The Victory Corps is designed to encourage and give recognition to the wartime services and activities of students. They may enroll in First Aid, Red Cross, Plane Spotting, Camouflage or Salvage fields. Any student with the necessary grade credits may enter. The work of the Victory Corps is directed by the Victory Corps Council, which is composed of six students and six faculty members.

MASQUE AND GAVEL

If the auditorium speaker pronounces all his "ing's," says "should have" instead of "should of," and seems perfectly at ease, you can be fairly sure he's either a veteran speaker or a member of the Masque and Gavel.

The Masque and Gavel is a national honorary organization devoted to creating a more effective speech for use. The members are selected by Mr. Carlson and Mr. Martinson on the basis of their contribution to the use of good speech. All the members appeared at least once before a large audience before they were eligible for membership, and at their meetings they learn how to speak before crowds, study acting, stage make-up and dramatic readings.

Jerry Sonosky is president, Patty Hedren, vice-president; Bill Dooley takes minutes and handles the money. Their adviser is Mr. Carlson.

LETTERMEN'S CLUB

You're flying down the empty hall with a half second to get to class, and you suddenly come face to face with a tall hefty brute wearing an orange "P" on his sweater, and a black scowl on his face. You stop short, then proceed down the hall at a sedate walk, forcing to your lips a sweet smile which turns a little sour as the tardy bell rings.

One of the most maligned, but most important activities of the Lettermen's Club is patrolling the halls and keeping sprinters on the track field instead of in Park's corridors. The members of this club are all the letter-winners and are responsible for much of the high standards of sportsmanship and fair play at Park.

Mr. Zimmerman is adviser to President George Santrizos, Vice-President Jim Hedberg and Secretary-Treasurer Bob Erickson.

VISUAL AID

You haven't done your assignment, your heart's in your shoes, and you're scared to death to go to class. The bell rings and you feel nothing on earth can save you now—nothing but an air-raid, a fire drill or a movie. You prefer a movie, of course. Besides rescuing fair damsels in distress who haven't done their assignments, movies are interesting, and can present the process of ionization or the fundamentals of American government in such a way that you're surprised to find you've absorbed it, although you vowed you never could.

The boys who are in charge of these movies have a hard job. Each one runs the movie and sound projector at least an hour a day for the entire year, besides caring for films and equipment. Visual education is going to become increasingly more important as a method of education, and we at Park are lucky to have had its advantages so long already.

Mr. Nelsen is director of the Visual Education department, and Bob Johnson is chief operator.
